The black and yellow of hazard warning tape is widely recognised and used for law enforcement and general safety. The self-adhesive tape sticks well to dry surfaces but is easily removed when appropriate. This makes it a perfect floor marking tape for both indoors and outdoors. A universal warning for danger, with highly visible yellow and black stripes.

Purchasing Options:

Standard size: 50mm x 33m

Box of 24 £145 + VAT

Box of 48 £265 + VAT

Next day delivery across UK

Technical Information:

Made from durable, water-resistant vinyl, this self-adhesive hazard tape is easy to apply and strong enough to prevent lifting, yet also quick to remove when required.

Application:

- Indoors or Outdoors
- Retail outlets
- Warehouses
- Offices
- Schools
- Hospitals
- Any other crowded or public areas

Suggested Placement

- Social distance spacing
- Queue spacing
